The UltraLite Fold N Go line of Rascal scooters were light weight, folding travel scooters designed to be transported easily. These were the first Rascals to adopt the "battery pack" trend where the batteries could be easily removed from the scooter in a plastic pack and brought in for charging, while leaving the rest of the scooter in place. The UltraLite Fold N Go line was sold around the turn of the century and was immensely popular due to its lower price point and transport-ability. Click on any of the scooters above to view the parts available for it. The products listed are for use with the UltraLite Fold N Go Scooter manufactured by UltraLite Vehicles, a division of Electric Mobility Corp. between 2003-2011.
